Learning objective:

To develop a Website for an International Conference using HTML5 elements with the following specifications:-

- The conference homepage should consists of the following tabs: Home, Committee, Call For Papers, Important Dates, Workshops, Registration and Contact.
- On clicking each tab, it should open in a separate page.
- The website should contain background Image, logos, header, footer.
- Use tooltip text for help.
- For pre-conference workshop registration use form elements.
- Mandatory Tags: List, Table, Anchor, Image, Semantic Tags.

Code- Home Page:

    <p>International Conference Alerts provides details about the upcoming
academic conferences, seminars and workshops to be held worldwide.
Academician and professionals can get their relevant updates and conference
alerts through International conference alerts. International Conference
Alerts provides a free subscription to its users with email notifications
about upcoming Medical conferences, Engineering conferences, Business and
Economics, Science and education and various conferences. Users can
register and subscribe to get free conference alerts regarding upcoming
international conferences 2021 at Dubai, Germany, Singapore, Thailand, USA
as well as all major cities and countries across the world. This is the
exact reason why internationalconferencealerts.com was established - to
provide the masses, up-to-date and incredibly reliable information on all
upcoming conferences, in a variety of fields.</p>

    <section>
    <p>Many prominent and successful researchers, scientists and scholars
have attributed their success to international conferences that they
```

attended early on in their careers. They cited the great learning, networking, and collaborative opportunities that these conferences present, as being the reason for their success. International Conference Alerts offers conference organizers/planners the provision to better target potential conference delegates by allowing them to add details about their upcoming events to our existing conference listings. Numerous conference organizers and planners have witnessed remarkable growth in attendance at their events, after posting information about these events on our website! So take advantage of these provisions and expand your career or learn more about the latest developments in your field, today.</p>

ABOUT US

International Conference Alerts provides details about the upcoming academic conferences, seminars and workshops to be held worldwide. Academician and professionals can get their relevant updates and conference alerts through International conference alerts. International Conference Alerts provides a free subscription to its users with email notifications about upcoming Medical conferences, Engineering conferences, Business and Economics, Science and education and various conferences. Users can register and subscribe to get free conference alerts regarding upcoming international conferences 2021 at Dubai, Germany, Singapore, Thailand, USA as well as all major cities and countries across the world. This is the exact reason why internationalconferencealerts.com was established - to provide the masses, up-to-date and incredibly reliable information on all upcoming conferences, in a variety of fields.

Many prominent and successful researchers, scientists and scholars have attributed their success to international conferences that they attended early on in their careers. They cited the great learning, networking, and collaborative opportunities that these conferences present, as being the reason for their success. International Conference Alerts offers conference organizers/planners the provision to better target potential conference delegates by allowing them to add details about their upcoming events to our existing conference listings. Numerous conference organizers and planners have witnessed remarkable growth in attendance at their events, after posting information about these events on our website! So take advantage of these provisions and expand your career or learn more about the latest developments in your field, today.

Conference Call for Papers

The 3rd International Conference on Advanced Research in Social Sciences (ICARSS), March 11 – 14, 2021 in Oxford, United Kingdom, is the premier forum for the presentation of new advances and research results in education theory and practice.

This conference is a prestigious event, organized to provide an international platform for the academicians, researchers, managers, industrial participants and students to share their research findings with global experts. All full paper submissions will be peer reviewed and evaluated based on originality, technical and/or research depth, accuracy and relevance to conference call for papers.

Submission Format
Authors must follow the Springer LNCS formatting instructions. For camera-ready papers use Latex or Word style (Author's instruction page). Each paper will receive at least three reviews. At least one author of each accepted paper must register by the early registration date indicated on the conference website and present the paper.

Sociology

- Aging
- Applied Anthropology
- Archaeology
- Black Lives Matter
- Elderly care
- Child Research
- Childhood Development & Schooling

LEARNING OUTCOME:

- Learnt about the attributes for the HTML5 tags and used it in the experiment and the syntax of HTML5.
- Learnt how to create a simple web page and identify how to format text, adding web links using anchor tags and add images.
- Learnt to implement basic animation through marquee tag.
- Understood creating tables, basic forms and adding styles to my web pages.
- Learnt to demonstrate borders, backgrounds, and HTML semantic tags.
- Understood how to use text formatting tags like strong, emphasis, and strikethrough tags.
- Learnt the importance of making web pages accessible, well-formed and user friendly.
